

At home, in the office or on a trip,
protect yourself from pollution

Indoor air is **5 to 10 times more polluted** than outdoor air

Let **TEQOYA** help you live better by taking care of the air you breathe

ABOUT **TEQOYA**

Clean air is integral to our lives and should be available to all.

TEQOYA provides clean air while respecting the environment.

Our breakthrough innovation relies on air ionization and is based on patented technology developed through 15 years of research.

Designed and manufactured in France, our ionisers are efficient and ozone-free. Our products are easy-to-live, eco-friendly and long-lasting, performing continuous air purification silently.

Air Purification **Ionisation**

Ozone-free
